V. Presentation by Assistant Attorney General Caroline Barrett

Ms. Barrett compared the statutory scope in the elevator chapter to that in the boiler chapter and found them to be similar. It is her opinion that the Board has jurisdiction over issues in the equipment room.

VI. Item for Action

The board continued discussion of the Notice of Intended Action (NIA).

- Ms. Rush asked if we need more details on the carbon monoxide detectors. Should the rules require testing, calibration, and battery replacement? Should the detectors be approved by ANSI or UL?
- Robert Bunte will research and propose language for the rules.
- Ms. Rush proposed we delay filing the entire NIA rather than divide it. Mr. Dye seconded the motion and it was approved unanimously.

VII. Division of Labor report

Commissioner Roberts said that the legislature has adjourned with unfinished bills. The Commissioner expects the legislature to return this fall for redistricting. The board members' nominations could be approved at that time. The Division of Labor received a status quo budget.

June 1 all Division of Labor employees will return to the office. Some employees will work from home 1 or 2 days a week.

The next boiler board meeting will be held in person at 150 Des Moines Street with an option to participate remotely.
